

## Six Weeks to WOW

### Live Virtual Learning Programme: Overview

#### Why?

In these unprecedented times working virtually is the new normal. We humans are amazingly adaptable, but this is just the beginning and the destination is uncertain. Staying connected to our colleagues; managing client expectations and maximising productivity and efficiency – whilst maintaining quality - will be of paramount importance going forward. Maybe you've:

- been struggling to find your mojo in lockdown?
- found connecting with people, and developing your team more of a challenge?
- needing to check-in that you're doing the right thing, in the right way, at the right time?
- already jet washed the patio and changed the duvet by 9.47am every Monday morning?!

#### What?

This six-week programme has two distinct layers:

1. Helping you get to know yourself better (weeks 1 to 3)
2. Developing key skills/behaviours of working with and developing others (weeks 4 to 6)

#### Who?

Leaders interested in their own and others' development who would benefit from a skills and knowledge refresh. Come and join us for a reset for the new normal...
